Many suggestions were made it was finally decided to give Mr. Newell full power to work out the suggestions made and report at a subsequent meeting the program decided upon. The membership agreed to accept assignments of various coin topics and to aid Mr. Newell in the program in every way possible.

It was noted that Dr. B. B. King had received his commission as captain in the Medical Corps and was at the point of leaving the city.

Dear Mr. Deacon:

Your letter of April 7 was read at our meeting of July 21. Our members were very interested in hearing it read. They have asked me to thank you for the enclosed Journals. We are pleased to be included on your mailing list.

After the war is successfully concluded, and we shall successfully end it, we will be interested to keep in touch with you. I notice your letter head mentions medals. I believe our club is the only Local Numismatic Group that issues a medal each year. These medals on the obverse show a portrait of the retiring president of the club and on the reverse, the seal of coat of arms of the club. We have issued a medal each year since the organization of the group in 1912. These medals are issued to members only and are of bronze except this year, since bronze is unavailable, the medal is issued in plastic. I shall enclose a pencil tracing.

Best wishes for the continued security of Australia.

TO ALL CLUB GROUPS:

For a number of years our museum has exercised a liberal policy toward the clubs meeting within our building, only for a short period during the year following 1930, making any charge for janitorial fees. We have temporarily housed several clubs in our new building and sought to assist each in finding facilities. This we have done because we have enjoyed promoting study clubs conducting researches and studies similar to those of the museum itself.

The rising cost of maintenance, however, necessitates a reconsideration of our situation, since we have been given no special fund for club expenses. Certain groups making a study of our contributions to the clubs believe that we should not continue the practise of underwriting club costs, but ask each club to meet, at least partially, the cost of supplying guards and janitors.

To clubs that have the welfare of the museum in mind and which do not look upon the museum merely as a free place in which to meet, we can offer facilities at very nominal rates, but it is believed that clubs whose subjects bear no relation to the field of the Museum, (natural science and social science), should reimburse the Museum Commission with the regular fee charged such organizations.

Please note that the Commission feels that when there are to be refreshments or luncheons the staff should be notified in advance and that there should be a fee for the use of the dishes. Note also that the Commission feels that there should be no smoking in the large lecture hall and none in any exhibit hall. Extra cleaning due to the use of tobacco will be charged for. No liquor is to be brought into the building.

The enclosed schedule of cost rates is uniform with that of the Public Library, though it is believed that actual costs are much higher in the museum.

TO ALL CLUB GROUPS:

-2-

We trust that each club will find the rates acceptable and just under the circumstances since the museum is under no obligation to supply free facilities or to pay janitorial or other fees incident to the meeting of non-museum groups. We are glad to assist and sponsor all clubs that become a constituent part of the museum's regular work and which pursue interests closely allied to the museum program of exhibit and research. Non-affiliated organizations, however, are numerous and the pressure now placed upon us to receive and service them without cost is heavy.

We are enclosing an application form which we request be returned to the museum office by September 7, 1942.

Thank you for your kind cooperation !

Sincerely yours,

Rochester Numismatic Association
New Museum, East Ave. at Goodman
September 1, 1942

The 688 meeting of the Rochester Numismatic Association was called to order by President Meinhart at 8:20 P. M. with 18 members being present. The minutes of the meeting of July 21 were approved as read.

Items which had accumulated in the correspondence file since July 21 were read. Among these was a very important letter from the Museum Commission in the matter of rental fees for room space. The matter was thoroughly discussed and action was postponed until later in the meeting.

President Meinhart appointed committee chairmen for the year 1942-1943 as follows:-

Program	Floyd B. Newell
Membership	William A Elston - <i>Gibson - Lindboe</i>
Social Activities	S. C. Place, Barney Bloom, Francis Cady
Regular Publicity	William M Hutchinson
Special Publicity	Edward F. Meinhart
Exhibits (Special)	Foster
Hobby Council Representative	Dr. Francis Cady
Picnic (See Social Activities)	
Auctioneer	(To be appointed each evening)
Auction Clerk	John W. Sloane
Auditing	(To be appointed three meetings before annual meeting)

President Meinhart directed that these committee chairmen select members to work with them as their committees.

The matter of rental fees for room space in the Museum was brought up for discussion. It was moved by Newell, seconded by Sloane and carried unanimously that the club appropriate the sum of \$20.00 as the annual payment for room space for 20 meetings for the year 1942-1943 in accordance with the table of fees presented the club by the museum. The secretary was directed to write Dr Parker and send him the application and the \$20.00 fee.

Mr Bauer was called upon to discuss his experiences ^{at} and the recent Cincinnati A. N. A. Convention. He stated that the convention was a fine one, and then discoursed upon his experiences in the Pirates Den.

Mr Bauer also announced that Mr Duffield had resigned as Business Manager and Editor of the Numismatist.

Sept. 1, 1942

Members were urged to go to see Mr Amberg at the Genesee Hospital where he is convalescing from a serious operation. It was moved by Cohen, seconded by Judson and carried that Mr. Amberg's dues for the current year be remitted and that the Secretary be instructed to send him his membership card which entitles him to all rights and privileges for the year, and also wish him a rapid recovery.

There was some discussion of the cost to the club of the bronze medal of Mr. Newell which is to be issued at a later date when bronze again becomes available. It was moved by Cohen, seconded by Newell and carried that 75¢ of each members dues retroactive to the year 1942-1943 be set aside in a special fund to be known as the Medal Reserve Fund as a reserve fund to insure sufficient cash on hand to pay for the issuance of these medals. This fund at present totals \$50.00

In conformance with the policy of the club to make a surprise appointment of the auctioneer at each meeting, President Meinhart appointed Mr. Judson as auctioneer for the evening. The meeting thereupon adjourned to the auction and \$1.24 was realized in commissions for the club.

The meeting finally adjourned at 10:10

657 East Avenue
Rochester, New York

Dear Dr. Parker;

Our club voted last night to comply with your request of August 4 that the organizations affiliated with the Museum partially contribute to the cost of providing room space for their meetings. We note the rate for the 3rd floor conference room used by our club has been set at one dollar a night. We also understand due to the nature of our meetings that we will not need extra orderly service.

Our club will meet on the 1st and 3rd Tuesday evenings of each month except July and August. The second meeting in December is usually omitted due to the close proximity of Christmas which gives us an opportunity for one extra summer meeting should the club so desire.

Please note that we wish to register on the basis of yearly registration. Enclosed please find a check made out to the Rochester Museum Commission in the sum of \$20.00 for this yearly registration on the basis of twenty meetings per year.

I trust this action by our club will be acceptable. Also should our club offend in any way in their use of the room assigned, I will consider it a favor if you will notify me immediately of such difficulty. I will personally see that the condition is rectified at once.

Very truly yours,

Dear Mr. Elston:

At the meeting of September 1 you were appointed the chairman of the Membership Committee with the privilege of selecting members of the club as committeemen.

As I remember back to the year 1939, I seem to recollect that you were very successful in bringing new members into the club fold. It would be nice if this year we could put special emphasis on a membership drive and increase the virility and strength of the organization. I believe that in selecting you President einhart made a very happy appointment and that it will redound to the glory of the club.

Sincerely yours,

The 689 meeting of the Rochester Numismatic Association was called to order by President pro-tem Newell at 9:37 P. M. President Meinhart being absent. There were thirteen members and one visitor present. The minutes of the previous meeting were approved as read.

The auction was conducted by Bloom who was the auctioneer for the evening, starting at 8:30 and ending at 9:30 with \$1.12 being realized for the club in commissions.

Items which had accumulated in the correspondence file since the last meeting were read. Among these was a letter from Dr. Parker acknowledging the receipt of \$20.00 for room rent for 20 meetings for the year 1942-1943.

Chairman Newell of the program committee reported the program for the next two meetings. Foster will talk on October 6 discussing the topic, "A Few Interesting Coins In My Collection". Hutchinson will talk on October 20, topic to be announced. Mr Newell stated that the club did not have the resources to bring in outside speakers and that the members had obligations to take part in the meetings. Mr Bauer suggested that there was more talent in the club than we dreamed of and that some of the members were possibly hiding their light under a bushel, and that they might be suffering from the idea that there were no prophets in the old home town.

A bill for \$10.00 from the Museum Association was received. Action was tabled until the next meeting.

It was moved by Foster seconded by Eichorn and carried that the secretary be instructed to write to the Buffalo club and sound them out on the advisability of holding a joint fall meeting with them at Batavia due to the war conditions and the stringent gasoline rationing and tire shortage.

Joseph Thomas Leone, Aged 16, of 2625 Dewey Ave visited and expressed a desire to become a junior member when he reached age 17.

Mr Foster exhibited some rare continental and confederate currency. A spirited discussion ensued concerning the value of the English pound and the Spanish milled dollar. Mr Foster was given a vote of thanks.

The meeting adjourned at 10:15 P. M.

CATCH UP. PROGRESS

The regular services and special programs of your Museum have continued, almost without interruption, throughout the difficult period of moving from Edgerton Park to Bausch Hall.

But dioramas and collection displays and replicas cannot be moved intact. They must be taken apart and put together again in the new location.

They are being rebuilt in Bausch Hall, as rapidly as possible, despite curtailed staff, inadequate funds and scarcity of materials.

While they are being set up, sections of the Museum floor must be closed to the public.

But you can still visit your Museum! You can enjoy the beautiful interior of the building itself. You can see some temporary exhibits on every floor. You are always welcome in the Director's office, in School Service, in the Hobby Clubs, in the Rochester Museum Association.

You can feel satisfied that although your Museum is making its contribution to the war effort, in terms of staff members in the service and of staff time and energy on war projects at home, nevertheless you are preserving in your Museum the essence of freedom and opportunity for which we are all fighting.

But your Museum will never be "completed." It will always be growing and changing because it is a Museum of action. Make it a habit to drop in frequently and watch its progress.

Hours: Weekdays, 9 to 5.
Saturday, 9 to 12:00.
Sunday and Holidays, open for special exhibits.
Evenings as announced.

Its anthropological records, based upon excavations in the New York State area, have attained international recognition. Its work in photography, its training program for museum workers and its educational service have been cited in numerous articles.

Research studies and books on museum procedure, published by its staff members, are accepted as authority.

Into the future

Your Museum will continue to grow, creating an ever-changing picture of Rochester's cultural environment.

The City of Rochester owns and operates its Museum.

The Museum Commission of five members is appointed by the City Manager to govern the Museum. The Mayor and the Superintendent of Schools are ex-officio members.

The Citizens Advisory Committee was appointed in 1941 by the Museum Commission, to study and make recommendations on the functions and organization of the Museum in its new quarters.

The Rochester Museum Association sponsors Museum activities and makes available additional funds. Membership is open to all.

The Board of Trustees is chartered by the University of the State of New York as the governing body of the Association.

The Women's Council is a group of women's committees working on Museum projects.

The Academic Council, made up of representatives from educational institutions of the city, select the Civic Medalist and the Fellows, to be honored at the annual Convocation.

The Science Council coordinates Museum science activities.

The Industrial Council is making plans for the development of an Industrial wing for the Museum.

On the Hobby Council are representatives of twenty-two clubs whose purposes and activities fall within the museum field, and who cooperate with the Museum in its program.

Contributors to the Museum are legion. From Edward Bausch who gave beautiful Bausch Hall, to the donor of the smallest gift that fits into our scheme of exhibition, they are all helping to build cultural riches for Rochester.

You, the people of Rochester, singly and in groups, adults and children, scientists, industrialists, business men, homemakers, students, writers, designers, use your Museum.

The members of the Museum Staff are your collaborators in the joyous experience of "learning by seeing."

*On the first floor of Bausch Hall you will see the progress of nature from star dust to mammals, displayed by collections and dioramas.

*On the second floor you will see mankind advance from the Eolithic period to the break-down of Seneca culture in the Rochester region.

*On the third floor, old Rochester will parade before you in replica.

*Throughout the Museum you will see valuable collections expertly displayed and integrated with the Museum story.

In the auditorium and conference rooms you can see motion pictures and plays, and hear lectures and discussions about our scientific and cultural environment.

There was no new correspondence.

1941-1942

Under the head of old business the bill for \$10.00 from the Rochester Museum Association was brought up for consideration. It was moved by Newell seconded by Plumb (A1) and carried that membership in the Rochester Museum Association be continued. The president thereupon ordered the treasurer to write the check which was sent by the secretary.

Mr. Newell turned over to the club a monograph received from the American Numismatic Society, Broadway at 156th St., New York City, entitled Numismatic Notes and Monograph #98 The Medals of the United States Army Medical Department and Medals Honoring Army Medical Officers by Edgar Erskine Hume.

Mr. Newell Stated that the program had been taken care of for this and the next meeting; That a further announcement would be forthcoming.

Under the head of new business Mr. Newell suggested that there be an "Open House" meeting for the second meeting date in November.

Mr Meinhardt stated that in line with his policy of stimulating greater activity and interest among the members he was appointing Mr. Bloom to introduce certain "Items of Interest" at each forthcoming meeting, these items to be gleaned from his extensive readings in the subject of numismatics.

The meeting thereupon adjourned to the auction. *Proceeds 664*

Dear Mr. Prickett:-

I have been directed by our club to write you relative to the advisability of holding a joint Fall meeting of our two clubs at Batavia due to the war conditions and the stringent gasoline rationing and acute tire shortage. We are interested in learning what you think of the matter. Some of our members are all for the idea and some are opposed to the meeting at this time. However as a club we are willing to sponsor such an event should it seem desirable after investigation of conditions. Will you kindly canvass your club opinion and let me know what you people think should be done?

We find here that the war is taking members and cutting down on the available time of many of our members. And the worst is yet to come. Maybe we should have our fun while we can. On the other hand there is no use in starting something that will not be a success.

Very truly yours,

Dear Mr Hutchinson:-

Your letter of October 9th., was read at our last meeting held October 12th., and upon canvas of the members it was found that conditions are just about the same here, as stated in your letter.

With the attendance decreasing at each meeting, the best that could be hoped for at a meeting held at Batavia, would be eight or nine at the present time, and in a month or so it may even be less.

Primarily the meeting was proposed at the time of the last joint meeting at Batavia, with the idea in mind of sponsoring a Numismatic Club in Batavia, inasmuch as there were three Batavia Collectors at that meeting, it was felt that these men would form the nucleus of a club. Under the present circumstances it hardly seems the logical time to propose the idea. Nevertheless, it was felt by some, that by having good display and auction material on hand, even with a small attendance, the meeting would be a success. The question of transportation also enters into the picture, and governs somewhat the time of arrival and departure, as most of us would have to travel by bus.

The preceeding statements are given you much as they were discussed at the meeting, and it was hard to formulate a definite answer, because of the small attendance.

We will therefore leave it to your good judgement, and will co-operate and abide by any decision you may make to the fullest extent.

Very truly yours,

The 691 meeting of the Rochester Numismatic Association was called to order at 8:10 P. M. by President Meinhart. There were 10 members present, which number increased to 17 members and two visitors. The minutes of the previous meeting were read. It was pointed out that the secretary had made ~~no~~ mention of the most excellent slides and talk given by Mr. Foster at the previous meeting. On the meeting of October 6) our Curator, Mr. Foster gave a most interesting, informative, and instructive talk on the topic "A Few Interesting Coins in My Collection". Mr Foster also showed Kodacolor Slides of some of the Nimismatic Gems in his collection.) With this correction the minutes were approved as read.

Items from the correspondence file were read.

There were no reports of committees

The Secretary was directed to write the Caledonia club asking them to attend our second November meeting

Mr. Lindboe suggested that the club seek to have the evening hours of the Museum changed to 8 P. M. and with a 11 P. M. closing time.

The Secretary was directed to answer the B. J. Hutchinson letter.

The secretary stated that about two thirds of the members had paid their current dues.

Visitors Mr. Neil L. Mance, 95 Woodbine Ave. and Dick Smith 121 Dartmouth were introduced. .

For the good of the club, Mr Meinhart suggested the following:

1. There should be a 15 minute discussion period.
2. There should be a display case with exhibits.
3. There should be a visitors group of members to visit those members in arrears in their dues.
4. Something should be done about the attendance of the past presidents at the meeting.

Mr. Foster contributes two exhibits.

1. An advertizing card struck in molten lava from Vesuvius at the time of its last eruption.
2. An example of early Irish (Celtic) ring money which he purchased at the last Buer sale. This is believed to have a snake's head and is very rare, being dated before the Danish invasion 800 A. D.

The Secretary was directed to write to Mr. Miller

Mr. Hutchinson gave a talk entitled, "Random Activities of the American Coin Collector"

Amateur Coin Collector". He also exhibited certain coins from his collection.

The meeting thereupon adjourned to the auction and finally closed at 10;30 P. M. *Proceeds .83¢.*

Dear John:

At the last meeting on October 20, some of the members were asking about you and raising the question of where their vice-president was wandering tonight. After some discussion I was directed to write to you with the idea of finding out whether you were going to be able to be with us during the year. It might be that you will be back in Rochester by the last of the present year.

Tonight I called your good wife and she gave me your address. So you will now know just how I located it. She also said that when she wrote that she would mention that I had called. We had among other things talked about dues and she told me that you were still interested in the club and that as soon as you returned that you would be with us. She will probably tell you that you owe us the sum of \$3.50 since June. Maybe you would like to send it in. I will see that you get your card for the year.

I shall appreciate hearing from you. I am supposed to know something of your intentions before the next meeting. I shall send your meeting notices to you at Romulus now that I know where you are located.

Sincerely yours

Dear Bill:-

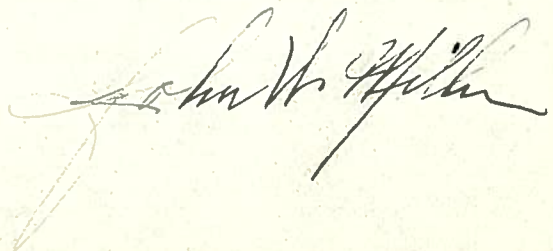

I will just run off a few hurried lines during noon hour to let you know that I received your most welcome letter of October 27/ 1942.

It looks as though the Vice-Pres. will be located at the S. O. D. for quite some time to come, as there is a considerable amount of construction yet to be started under the new expansion program. I am sorry that business has interfered with my Numismatic activities, thereby depriving me of so many of meetings and social functions I used to enjoy.

I will arrange with my wife for you to call at my residence for the \$3.50 dues, which are now long over due. I have been of the opinion that before now I would be able to attend one of the meetings, and personally bring my membership up to date, but with no luck.

I wish to thank you for the gentle reminder, and kindly give my regards to the rest of my good friends, and tell them that I think of them often.

The 692 meeting of the Rochester Numismatic Association was called to order at 8:10 P. M. by President pro-tem Newell. There were 12 members and one visitor present.

The minutes of the previous meeting were read and accepted as read.

Items from the correspondence file which had accumulated since the previous meeting were read.

There was no unfinished business.

There were no reports of committees.

Under the head of new business Mr. Lindboe reported that he had seen Mr. Prince, that Mr. Prince was busy and that he would be in attendance before long. Both Mr. Meinhart and Mr. Hutchinson reported that they had called on Mr. Amberg at the Genesee Hospital and that was much better and was up. Mr. Sunday reported that Mr. Harzinski had entered the U. S. Service and had been assigned to a Naval Construction Unit.

Mr. Foster, who eleven years ago was librarian of the A. N. A. passed out to club members a set of Numismatic Maxims For Beginners which he had had left over. He stated that he had sent one of these copies to all new A. N. A. members.

Mr. Foster exhibited an impression of the Great Seal of the Confederacy. He stated that this had been made in England before the seal was shipped.

A visitor, Leonard A. Bloom, son of our Barney Bloom was introduced.

The president noted that Billy Sunday was present.

Mr. Bauer introduced a discussion of electrotypes of United States coins, stating that a set of the rare U. S. half cents had been recently offered for sale and that these were electrotypes. Mr. Bauer raised the question of their legality on the basis that they could be considered as counterfeits. He stated that these coin reproductions used to have to be shown to the U. S. Secret Service. Mr. Bauer stated that it was possible to tell an electrotype on the following bases: 1. where joined; 2. weight; 3. presence of pimples if not well done; 4. color. After some discussion it was decided that the practice was dangerous to numismatics, particularly if good electrotypes were accepted as genuine coins.

The following resolution was offered by Mr. Foster.

Whereas, recently it has been brought to the attention of the Rochester Numismatic Association that electrotypes of United States coins were being offered for sale, and Whereas, this practice is dangerous to the well being of the Numismatics if such electrotypes are accepted as genuine, Be it therefore resolved that the Rochester Numismatic Association oppose this practice of making and selling electrotypes of United States coins since this practice is detrimental to Numismatics and further apparently breaks the counterfeit law.

It was moved by Foster and seconded by Sunday and carried that the secretary be instructed to sent a copy of the above resolution to the Chairman of the Board of Governors of the American Numismatic Association with a request that it be published in the Numismatist.

Mr Newell stated that the Hobby Council had taken up the matter of the 10:30 closing time with Dr Parker and had received a letter which suggested that closing the Museum at 11 P. M. might be possible and could be taken for granted unless a notification of adverse action was received.

The visitors' night of November 17 was discussed. Plans were made and matured. Mr. Foster offered to prepare an auction list if the members would send him the list of the materials they had to offer.

The meeting then adjourned to the auction under the direction of Mr. Sunday. Receipts, 70

After the auction Mr. Newell gave his demonstration of the making of lantern slides of coins by the impression method.

The meeting adjourned at about 10:45 P. M.

November 17, 1942

The 693 meeting of the Rochester Numismatic Association was called to order by President Meinhart at 8:20 P. M. There were 18 members and 21 visitors present.

President opened the meeting with an address of welcome to the assembled members and guests.

The minutes of the previous meeting were read and approved as read.

Items from the correspondence file which had accumulated since the previous meeting were read.

There were no committee reports.

There was no unfinished business.

Under the head of new business, President Meinhart called upon Mr. Bloom for a discussion of "Coin topics". Mr. Bloom discussed briefly, "The Composition of the New Nickels", "Japanese Paper Money", and "Vichy Coins".

Mr. Hutchinson was called upon for an impromptu discussion of the topic, "What makes a coin Numismatically valuable"

Mr. Elston moved, seconded by Mr. Cady, that the club send one of the current "Newell" Presidential Medals to the American Numismatic Society at New York City. The motion was carried.

Mr. Kolb announced that he had installed an exhibit of medals at Jefferson High School at the request of the principal, and that this exhibit comprised medals of both historical and educational interest.

Mr. Elston suggested that the club loan one of the Newell medals to the Numismatist so they could make a cut for the magazine. Mr. Newell said he was making a plaster cast for this purpose.

Mr. Meinhart said he had brought a supply of the new "Ersatz" nickels which could be obtained at face at the desk. The desk was sold out almost immediately. Mr Meinhart said he would bring a further supply.

Mr. Meinhart cordially invited all present to our next meeting which occurs on December 1, 1942.

Mr. Place exhibited a misstruck Indian head penny which was away off center

The meeting was then turned over to Mr. Bauer and Mr. Foster for a discussion of Ancient Coins. Mr. Foster operated the machine and projected many fine Kodachrome slides. As the slides came on the screen, Mr. Bauer told about each of them, giving many interesting anecdotes. Many of these slides were of Roman gold in uncirculated condition. The slides and accompanying discussion were a rare treat for the club.

Mr. Foster then showed some of his own Kodachrome slides of modern coins, many of them quite rare. He also showed a large number of colored slides of sunsets taken from his camp at Canandaigua Lake, and slides of our local species of humming bird. It should be noted that to catch a humming bird in Kodachrome in a rain storm is quite a feat of photography. He also showed slides of garden flowers which showed a fine sense of the artistic.

Mr. Sunday conducted a raffle of coin cabinets belonging to Mr. Harzinski at 10¢ a chance, 6 chances for 50¢ and 12 for \$1.00

The meeting was then turned over to Mr. Sunday for the auction. Mimeographed auction sheets were provided. The auction comprised 90 lots of coins. During the auction friedcakes and cider were served and a good time was had by all. *Proceeds \$1.94*

The meeting adjourned at 11:30 P. M.

December 1, 1942

The 694 meeting of the Rochester Numismatic Association was called to order by President Meinhart at 8:44 P. M. There were 12 members present.

The minutes of the previous meeting were read and approved as corrected. Our perspicuous president noted that the secretary had omitted to mention an extremely fine exhibit by the curator, Mr. Foster which consisted of three items, namely, colonial paper money, a set of the Presidential Medals of the R. N. A. and Confederate paper money. The secretary notes that the president failed to mention these exhibits at the meeting of Nov. 17, the secretary took no notes, and the recognition of these fine exhibits was for this reason not included in the report of the last meeting. The secretary hastens to make amends.

Items from the correspondence file which had accumulated since the previous meeting were read.

Reports of committees. Mr. Place reported for banquet committee. He stated that Mr. Lindboe had gone to the Hotel Seneca and can get a banquet room and an additional room for Saturday night, January 9. The price will be \$1.75 each. Beef steak is to be the meat. Wives are invited. We expect an attendance of about 30.

Under the head of new business, Mr. Foster stated that he had an exhibit of Massachusetts State Bank Notes, in the lobby of the Lincoln Alliance Bank. Mr. Foster raised the question of using the club cases for exhibits of this type outside the museum. He also raised the question of getting the Gillette Safe for use of the club. ~~XXXXXXXXXX~~ He showed how the use of this safe would expedite the arrangement of the club ~~XXX~~ coins for exhibit purposes. He also raised the question of the mechanics of exhibiting coins getting them in and out of exhibits and illustrated the matter by a personal exhibit of his own. He also raised the question of exhibits of coins at the museum. Mr. Meinhart instructed Mr. Foster to look into the matter and report at a subsequent meeting.

Mr. Bauer discussed the acquisition of the Gillette Safe and stated that Mrs. Gillette might reduce the price of the safe to the club if the club were really interested.

Thereupon the club engaged in an extended discussion of the club-museum-coin problems.

Mr. Meinhart asked where the five small portable coin cases belonging to the club were located and instructed the secretary to locate them.

^{\$1.50}
A bill for the subscription to the S scrapbook Magazine was received. It was moved by Bauer, seconded by Place, and carried that the subscription be renewed.

December 14, 1942

Mr. J. Douglas Ferguson
Rock Island
Quebec, Canada

Dear Mr. Ferguson:

I have been directed to send to you as chairman of the Board of Gouvernors of the A. N. A. the following resolution with a request for your consideration and with a further request that it be published in the Numismatist.

Whereas, recently it has been brought to the attention of the Rochester Numismatic Association that electrotypes of United States coins were being offered for sale, and
Whereas, this practice is considered dangerous to the well being of Numismatics if such electrotypes are accepted as genuine,

Be it therefore resolved that the Rochester Numismatic Association oppose this practice of making and selling electrotypes of United States coins, since this practice is detrimental to Numismatics and furthermore apparently breaks the counterfeit law.

Very truly yours,

William M. Hutchinson

The 695 meeting of the Rochester Numismatic Association was called to order by President Meinhart at 8:25 P. M. with 16 members and one visitor present.

The minutes were approved as read.

Items accumulated in the correspondence file were read.

Under the head of old business it was moved by Mr. Newell, seconded by Mr. Al. Plumb that the A. N. A. dues for the year 1942-1943 be paid. Carried.

Mr. Place reported for the Entertainment Committee that the costs of the Ladies Nite were \$2.45. It was moved by Mr Foster seconded by Mr. Bloom that these costs be paid. Carried.

Under the head of reports of committees

Mr. Foster stated that he had no report and then amended as follows: He said that there was a possibility of publicity for the Lincoln-Alliance Bank Exhibit, also he had added a specimen of a new \$20.00 bond of the Spanish-American War which was still redeemable.

Mr. Place reported for the Banquet Committee. Mr Meinhart added by way of emphasis that the price was only 25¢ more that last year, from \$1.50 to \$1.75, that the added cost should be no burden, and that the Hotel Seneca was centrally located being near all bus lines.

Dr. Cady, reporting for the Hobby Council, stated that there would be no Hobby Show this year outside but that they expected to conduct a Perpetual Hobby Show at the Museum, and that there would be more news later.

Mr. Meinhart, our President, directed Mr. Foster, our Curator, to check with the Museum in reference to the Perpetual Hobby Show from the viewpoint of the club.

The secretary stated that the A. N. S. had recently sent us Monograph #100 entitled "Numismatic Notes and Monographs", "The Castine Deposit, An Americal Hoard".

It was reported that Mr. Judson is still ill with pneumonitis.

Mr. Newell reported that the program for the meeting of Jan. 19, 1943 would consist of exhibits by individual members who are asked to speak briefly about their exhibit.

Dec. 15, 1942

Under the head of exhibits Mr. Bauer exhibited some medals illustrative of Russian Art.

Mr Bloom exhibited three medals, the first, a German Iron Cross made from ballast from the submarine, Deutschland, the second, a medal which commemorated from the German point of view, the "watch an Rhine" of the American troops after the armistice, and the third, a medal commemorating the opening of the Panama Canal.

Mr. Place exhibited a masonic medal.

Mr. Foster exhibited his Bar Cent. He also exhibited a book, "Early Coins of America" by Crosbie. Mr. Foster discussed the Bar Cent using the book to drive home the differences between the genuine cent and the counterfeit copies.

The secretary was instructed to send for a copy of the December issue of the Numismatist since our copy is defective, having some pages missing.

Mr. Kolb exhibited a medal of Preble Commemorating the expedition which he led in 1804 to Tripoli and Morrocco. He also exhibited an electrotpe of the same to show the difference between the genuine and the electrotpe.

Mr. Bloom discussed his topic of "Numismatic Highlights" and exhibited the Boise paper penny which the United States government has ruled to be illegal.

Mr. Meinhart gave his scheduled talk on "Impressions". He amplified his topic into a discussion of true and false impressions of Numismatics and Numismatists. His talk was brief, interesting, pithy and to the point.

Under the head of new business Mr. Hutchinson moved, seconded by Mr. Newell that the Presidential Medal for 1942-1943 be made under the same conditions as the medal for the present year, namely, the Newell medal. The Meinhart medal is to be made of plastic, and each member eligible to receive this plastic medal may upon the payment of an additional 50¢ receive a bronze copy when bronze becomes available. Carried.

Dr. Cady moved, seconded by Mr. Place that the club purchase a Series F \$100.00 United States War Savings Bond for the sum (purchase price of \$74.00) to be placed in the Medal Fund as a reserve to be made available for the striking of the bronze presidential medals to replace those now struck in plastic when bronze again becomes available. Carried.

The meeting adjourned to the auction with Mr. Hutchinson as the auctioneer of the evening. Receipts \$60

Dear Mr. Newell:

Since it will be necessary to completely revise the plan for exhibiting coins and since you have had a certain expense in providing corners for the flat-top cases, not all of which will be available for such purposes, I am wondering if the Numismatic Association would sell to the museum the corners. In other words, I am proposing that we reimburse you for the expense which you were kind enough to bear.

Please let me know what the decision of the society is.

Rochester Numismatic Association
Banquet Meeting
January 9, 1943 at the Hotel Seneca

The Rochester Numismatic Association held its annual banquet at Hotel Seneca on Saturday evening January 9, 1943. Twenty eight members and friends attended. The club sat down to a delicious roast beef supper at 7P.M. in the Palm Room of the hotel.

INITIATED IN 191

the After the repast President Edward Meinhart presented retiring past president Floyd B. Newell with a silver copy of Rochester Numismatic Association's ~~XXX~~ President's medal, 1941-1942 thus continuing a custom in 1942 when the club was organized. This custom of striking a medal of each retiring president of the R.N.A. is believed to be unique in the history of local numismatic groups. The medal shows the portrait of the club President for the year and on its reverse shows the Coat of Arms and Seal of the club.

Notable in attendance were Dr. Arthur C Parker, Director of the Rochester Museum of Arts and Sciences of which the club is the Numismatic ~~Section~~ of the A.N.A. and Mr. Charles W. Foster a former librarian of the A. N.A. and George J. Bauer who is a past President of the A.N.A. a former member of the Board of ~~Governors~~ of the A.N.A. and a life member of the A.N.A.

Nearly every member received a door prize. Among the prizes was a medal portraying the temptation received by Mr. Charles W Foster, and the R. N. A. Medal of the fourth President, Louis A. Amburg, received by Mr. William Hutchinsin.

PROFESSOR After the presentation of the R.N.A. Medal and *the* distribution of the door prizes, the club adjourned upstairs to the Blue Room where the members engaged in an evening of fun. Among the activities was a Quiz program. After a spirited competition the women won, proving that the numismatic wives, sweethearts, and friends are smarter than those who engage in Numismatics. *the* A good time was had by all and the evening was voted a success. The ban on use of private cars for pleasure was no hinderence since the members either walked or rode the busses.

Rochester Numismatic Association
Wm. M. Hutchinson, Sec'y
49 Rowley St.
Rochester, N. Y.

Dear Member:

This letter acknowledges receipt of your annual dues payment and your 1943 Membership Card is inclosed.

Our thought is to encourage numismatic fraternalism among our men in the Armed Forces, and through correspondence, bring home the interesting facts about monies they are necessarily handling as they move to various battle fronts. Interesting stories from those who find something new in numismatics, whether it be in the Armed Forces or otherwise, are always welcome to our Editor. This same news and information may be of like value to others who read the "Numismatic" columns monthly. Would it not be a spirit of good numismatic fellowship to send such news items to our Editor for his serious consideration to publish for the membership at large?

In conclusion, this office reminds every member of the new Junior Membership, now available to youths between the ages of 18 and 21 years; as fully outlined on the application form inclosed. New members of this Junior age group are most welcome to the Association and your sponsorship of a Junior applicant will be an honor to you and an honor to the Association.

Most cordially yours,

General Secretary

The 697th meeting of the Rochester Numismatic Association was called to order by President Meinhart at 8:40 P. M. with 11 members present.

The minutes of the two previous meetings were approved as read.

Items accumulated in the correspondence file were read

Mr. Newell mentioned a letter received from Dr. Parker which discussed the current South American exhibit at the museum and raised the question of what the club wanted to do with the corners and locks on the former cases used by the club.

There was a discussion of the value of the Rochester Museum Association to the club. It was moved by Mr. Newell, seconded by Mr. Sloan and carried that the club pay the \$10.00 membership fee covering the club's membership in the Rochester Museum Association.

There ensued a discussion of the Club's finances

The president, Mr. Meinhart, directed that the payment of this Museum Association Membership Fee be delayed until after an inquiry into club finances to be held at the second meeting in February.

Mr. Meinhart directed the Secretary to get a statement from the Treasurer and set up a budget for the year to be reported to the club the second meeting in February.

Action on the \$5.00 dues to the A. N. S. was tabled contingent to the setting up of the budget.

There ensued a long discussion of the relationships of the club and the Museum.

Mr. Foster suggested the appointment of a committee by the President to study, organize and set up the attitudes, policy, and principles to be followed by the club in its relationships with the museum, and that this committee be composed of members not officially connected with the Museum or any of its governing bodies.

Mr. Foster stated that he had seen Mr. Sunday and that Mr. Sunday would be unable to continue his connection with the club.

The Secretary was directed to write a polite but firm letter to delinquent members asking them to pay their dues, stating

*(Bill received from Alphonse Holt for Silver
Newell Medal #3.68. Ordered paid by the president.)*

Jan. 19, 194~~2~~₃

that it was necessary for the club to know their intentions so as to balance the budget, and drawing to their attention the ouster clause of the constitution.

Mr. Lindboe expressed his thanks for the card of sympathy sent him by the club during his recent illness.

Mr. Plumb who was kept at home by the bad weather also sent his regrets and asked to have his thanks recorded for the card of sympathy sent him by the club during his recent illness.

The President in a statement of appreciation, thanked the Banquet Committee and all its members for the good work they did in making the recent banquet a success.

Mr. Foster called the attention of the club to the R. N. A. exhibit of South American coins which forms a part of the Current South American Exhibit.

The club thereupon adjourned to the auction conducted by Mr. Newell. Receipts \$87

Dear member:

gone → I have been directed by Mr. Meinhart thre action by the club, to write to every member in good standing for the year 1941-1942, who is now in arrears in dues to ask each one to kindly remit their unpaid dues.

Also, I have been directed to call to your attention the clause in the club's constitution which makes manditory the suspension of a member who is three months or more in arrears.

Your unpaid dues to date amount to the sum of \$ 5.25

As you know when the total paid membership sinks below 50, the club finances become precarious. The normal fixed expenses of the club total close to \$ 150.00 each year. The income from 50 paid members is \$ 175.00 per year. There is not much leeway.

Will you please consider this matter and may I have your check as soon as conveniently possible.

Very truly yours,

WESTERN PENN. NUMISMATIC SOCIETY.—The Society met on Tuesday evening, November 2nd, in the Carnegie Library, Pittsburgh, with ten members present.

There was a short business session. Meeting was then turned over to Mr. Hall, Program chairman, who called on Mr. Eastwood to speak on "Numismatic Libraries," the subject scheduled for discussion.

Mr. Eastwood talked of libraries and books in general and narrowed down to Numismatic books and libraries. The address covered the subject thoroughly, and was illustrated with numismatic books of different types from his own collection. A round table discussion on the subject followed.

Mr. Woodside gave to each member present a mimeographed paper entitled "A Bibliography of Numismatics of the British Empire," compiled by himself.

Exhibits for the evening included: Mr. Hall; Lincoln tokens in gold issued by the U. S. Mint.

Mr. Marlier; Early coins of Spanish America.

Mr. Coatsworth; Type set of U. S. half dollars; several pieces of early Spanish silver.

Mr. Laughlin; 17 pieces, 1 to 8 reales, silver; Guatemala, Peru, Mexico, Brazil (Portuguese) 1732 to 1845.

Mr. Woodside; England; Gigo crown of Anne; Lima crown of George II; Countermarked pesos (2) and ½ peso, issued by Bank of England; Fugio George III, Kentucky cent; Fugio cent; Chalmers shilling; Pine Tree shilling; and Virginia ½ penny.

Dr. Gillis: Copy of Continental dollar in white metal.

—RALPH J. BUTERBAUGH, Secretary.

HEART OF AMERICA (K. C.) NUMISMATIC ASSOCIATION.—The 117th regular meeting of the association was opened by Vice-President Fred Wirthman, with ten members and four guests present.

Copies of two issues of the Wall Street Journal were read by Mr. Wirthman and Mr. Harper, one commenting on the increase in coin and stamp collecting, the other on international bimetalism.

Mr. Carlson commented on an article in Barrons Weekly with reference to coin collecting as an inflation hedge.

A report of the Program Committee, Mr. H. E. Rowald, Chairman, was accepted. It was suggested in the report and later discussed that each month hereafter one member would prepare a paper from the list of subjects submitted, and another member prepare a paper of his own choosing.

Mr. Rowald gave an interesting paper on the history of Fractional currency, and displayed a very complete album of these pieces.

Mr. Harper showed a group of Colonial coins.

Mr. Janda exhibited a complete board (28 pieces) of 1909S Indian Head cents, uncirculated.

Mr. St. Clair reported that on a recent trip to San Francisco, he had an interesting chat with Mr. Fogler, Secretary of the Pacific Coast Numismatic Society, and was fortunate enough to see the original dies of the Kellogg 50 dollar gold piece, recently purchased by Mr. Harry Cutler.

Dr. Arthur C. Parker

657 East Avenue
Rochester, N. Y.

Dear Dr. Parker:

At its last meeting the club took action on your request that the club sell the museum the locks and metal corners on the cases heretofore used by the club for the exhibition of its collection, which cost was borne by the club.

The club has agreed to sell the materials not needed by the club for the protection of its collection and has placed the matter in the hands of its curator, Mr. Charles W. Foster, with instructions that he get in touch with you and complete the transaction.

Very truly yours,

William M. Hutchinson, Sec.

March 22, 1943

Mr. B. Max Mehl
Fort Worth
Texas

Dear Mr. Mehl:

Your answer to my letter of December 14 is at hand.

Enclosed please find the 50¢ in stamps enclosed with your letter to pay for the cost of the plastic medal. The cost of this medal is not now being assessed, since it takes the place of the regular bronze medal usually issued by the club. However, after the war, when bronze again becomes available, all members who have received plastic medals, may, upon their election and an additional payment of 50¢ each, receive bronze copies of the plastic medals. You will be notified at the time.

This action insures that the club will continue to issue each year one of its presidential medals which custom is believed to be unique in the history of local numismatic clubs. This also increases the cost to the club since they eventually must issue two medals for the war years instead of only one.

For this reason the club is conducting a series of auctions of donated coins. The club desires each member who has the welfare of the club at heart to contribute some of their duplicate coins for this purpose. Notice of this action was sent out on the last meeting notice. As yet we have received no donations from you. If you can and will, please do. The money derived will be placed in the club treasury. Due to the war and to a decrease in membership and to increased medal costs, the club must raise an additional \$60.00 to balance its budget, a budget which, this year, includes only essentials. We are depending upon you for support.

Sincerely yours,

William M. Hutchinson, Sec.

P.S. Enclosed please find my check of \$1.00 for a copy of the forthcoming Grinnell catalogue for my own personal catalogue collection.

March 22, 1943

Mr. C. F. Clarke
20 Union Street
LeRoy, New York

Dear Mr. Clarke:

Your letter of December 14 is on file. I had thought that I would be able to get to LeRoy to see you and that I would be able to explain the matter of the medals then. The fact is that the dues of the club now are \$3.50 per year which sum includes the medal. This should be made of bronze but due to war conditions this is impossible. The club therefore took action to substitute a token medal of plastic in lieu of the bronze and by vote ordered that any member who is eligible to receive a plastic medal at this time may if they so elect get a bronze copy at a later date after the war when bronze again becomes available upon payment of an additional sum of 50¢ which sum is the cost of the plastic. The club did not vote to refund dues. This action makes possible the continued issuance of the yearly presidents medal which practice is unique in the annals of local numismatic clubs. This action also makes necessary the setting aside of funds as a reserve to cover the cost of the bronze medals when they do become available. This makes it necessary for the club to raise additional funds now or have the burden come all at once. ^{later} We have elected to set up a medal fund and put a portion of each members dues in this fund as a reserve.

To insure the success of this action the club is conducting a series of auctions of donated coins. The club desires each member who has the welfare of the club at heart to contribute some of their duplicate coins to this sale. As yet we have not received any donation from you. If you care and will, please do. The money derived will be placed in the club treasury. Due to the war and to a decrease in membership and increased medal costs the club must raise an additional \$60.00 to balance the budget, a budget which, this year, includes only essentials. We are depending upon you for support.

Very truly yours,

William M. Hutchinson, Sec.

Mr. Alphonse A. Kolb
120 Collingwood Dr.
Rochester, N. Y.

Dear Alphonse:

I am not certain that I should be writing you this letter. I am writing to every member whose name is not down on the list of those donating coins to the Donated Coin Auction Sale. However, maybe that 700 medal should be considered. I am just raising the question and if you do lets call it quits.

I am quite desirous of making the sale of donated coins a success and see that it fulfill its purpose of getting sufficient funds into the treasury. I am leaving no stone unturned. So the reason for this letter. You know, Alphonse, there are not many members that do as much for the club as you do, with making the medal and everything you certainly do a lot so maybe we should let it rest right there. But if you do have some duplicates and are willing so am I.

Sincerely yours,

March 23, 1943

Captain Byron B. King
Station Hospital N. O. P. E.
Jefferson Branch
New Orleans, La.

Dear Captain:

Wheoo! I am not used to saying Captain. I thought I would write that we received your announcement of the happy arrival. You must be proud a punch.

The club is coming along as well as can be expected. We have been conducting another of those donated coin auctions to raise funds for the club. We are not exactly in the red but the war, decreased membership, and increased costs keep things interesting. I think this donated coin sale is going to put the balance on hand back where it is safe. As a typist I could show some improvement, don't you think. There is nothing like changing the subject.

My wife just came home from sewing class with the information that she was exposed to scarlet fever yesterday, she thinks. I told her that I guessed all she could do was to await developments. Guess I'll phone the family Dr. and see if there is anything to do to do to dodge it. Great life.

Enclosed please find meeting notice. Best wishes.

Mr. Burton H. Saxton
P. O. Box #548
Cedar Rapids, Iowa

Dear Mr. Saxton:

Enclosed you will find a copy (plaster) of a recent medal which was issued by our club to commemorate our 700 Meeting.

Also I am sending you a brief history of the special medals issued by this Association since it was organized in 1912. It is our idea that you might find this material of interest for publishing in the Numismatist.

Our club is going strong. As you know it is the Numismatic Section of the Rochester Museum of Arts and Sciences; and as such maintains a collection of coins. Recently we have been promoting a series of Donated Coin Auctions for the purpose of raising money for our Medal Fund so that we may continue after the war to issue our Presidential Medals in Bronze. It is one way for a club to raise money, painless and potentially capable of promoting much fun.

Our Mr. George J. Bauer suggested a good idea for National Coin Week at our last meeting. His point is that this week would be an excellent occasion to put on a drive to collect large numbers of copper and nickel junk coins for the benefit of the National Government. Properly organized and motivated, this should be a bonanza.

Very truly yours,

William M. Hutchinson, Sec.

The Rochester Numismatic Association was organized on January 4, 1912 with a charter membership of 15, and became Branch #2 of the A. N. A. Of the original 15 there are now four still living at the end of 31 years. These are Max Mehl, Al. H. Plumb, Isadore B. Bernstein, and George J. Bauer. Dr. George P. French, one of the founding members and probably the prime mover in establishing the Rochester club had one of the finest and largest large cent collections in the United States. At the first anniversary meeting in January 1913 the first medal of the club was issued. This was dedicated to Dr. French, founder and first president, and was the first of the presidential medals which have issued each year since 1913. Other charter members who have been nationally known are Fred Merrett and Harry Yauger. It is interesting to note that C. F. Clarke of LeRoy was #32 becoming a member of the club on September 8, 1912. Also the Annual Convention of the A. N. A. was held in Rochester in August 1912 which event must have caused great interest in the Rochester club. Since 1912 with very few exceptions the R. N. A. has met on the first and third Tuesdays of each month at the Rochester Museum of Arts and Sciences and is the Numismatic Section. The club maintains a coin and medal collection which it exhibits as the occasion arises. The club has issued various medals in addition to its annual Presidents Medal. On January 2, 1934 a medal commemorating the 500 meeting was issued. This was of bronze suitably inscribed. During the term of Joseph B. Harginski, the 25 president, the Silver Anniversary medal was struck. This was of silver and showed on the face the figure of History and the Coat of Arms of the City of Rochester, and inscribed and the Silver Anniversary Medal of the R. N. A., January 4, 1937. In July 1937 the club issued the Marquis De Denonville Medal, 1687-1937 to commemorate the Denonville Expedition into the Irondequoit Bay Region, having been unsuccessful in persuading the Congress to issue a Commemorative Half Dollar. This medal was issued both in silver and in bronze. On the obverse is shown the portrait of the Marquis and on the reverse is a map of his expedition. In 1924, the club issued a special memorial medal for Edward D. Putnam, Curator of the Rochester Museum of Arts and Sciences 1912-1924. The obverse shows a portrait of Mr. Putnam and the reverse is inscribed "In Memoriam For His Researches and Achievements for the Municipal Museum, Rochester, N. Y. Recently the club held its 700 meeting. Our medal maker, Alphonse A. Kolb, to suitably commemorate the occasion engraved a medal which is unique. This medal, the only one of its kind in existence, was presented to the club and placed in its medal collection. The medal shows a seated female figure holding a shield engraved R. N. A. Plastic copies of this medal were made so that each member could have this medal in his collection. At present the club is conducting a series of donated coin auctions to raise money so that it will be able after the war to continue to issue its bronze presidential medals.

Dear Mr. Hutchinson:

It was good of you to send in a sketch of the medallic issues of the R.N.A., and it is certainly worthy of a place in an early issue of The Numismatist.

However, I have in mind an even larger task for someone. You have of course noticed the series of Club histories which I have started, the Philadelphia and Boston having appeared (the latter in the April issue), and I hope to have a review of the American Numismatic Society in the May number.

Your own Association has a considerable background and a record of real accomplishment, deserving therefor recognition with a number of the other older and larger organizations. What I should like to have is an authentic and adequately presented manuscript on the R.N.A., to be published perhaps early in the fall, and wish you would give this some serious consideration as to who would be both willing and able to provide the article. It should be held to approximately 2000 words.

With your permission I will hold the brief manuscript just received from you until I hear from you on the above matter. If this is written, the account of the medals should of course become a part of the historical review.

Very truly yours,

Editor and Business Manager.

April 6, 1943

The 702 meeting of the Rochester Numismatic Association was called to order by President Meinhart at 8:20 P. M. with 21 members and 6 visitors present.

The minutes of the previous meeting were approved as read.

Items accumulated in the correspondence file were read.

Consideration of the request by Mr. Saxton for a 2000 word history of the R. N. A. to be published in the Numismatist next fall was tabled until a later meeting.

Mr. Foster reported for the Coin Week Committee. He stated that plans for a coin broadcast over a local station were being matured and that exhibits would be placed at the East Avenue Branch of the Union Trust Co, at Siller's Drug Store on Thurston Road, at the Museum, and at the Brighton Branch Public Library. Mr. Kolb offered to place his medals at the disposal of the club for a coin week exhibit.

The curator, Mr. Foster, reported his conversation with Dr. Parker concerning the sale of the locks. The museum will purchase the locks. The club is to have the use of the cases in the meeting room and the locks on these cases, also the club will have the use of the flat topped table cases (Tops approx. 4' X 8') in the library for exhibit purposes. Also the club may take these flat topped table cases from the building for exhibits in other places as long as such exhibits are for public purposes.

Mr. Meinhart ordered that Dr Parker receive the thanks of the club for his courtesy in allowing the club the use of the flat topped table cases for exhibit purposes in public places.

Mr. Place exhibited a set of the new 1943 cents.

Mr. Meinhart gave his quiz talk which was great success. More activities of this kind should be sponsored. Mr. Foster won first prize, Mr. Bauer, second, and Mr. Judson achieved the booby prize for having the least answers correct.

The sum of \$18.15 was realized at the donated coin auction.

The meeting adjourned at 11 P. M.

Rochester, New York

Dear Mr. Hutchinson:

I have not yet heard from you in reply to my letter of April 3, and I am wondering if you have had some difficulty in locating someone who would consent to prepare the history of your Association, as suggested in my letter.

I did not for a moment intend to exclude you from possibilities, and am entirely willing to leave the matter to your own discretion as to whether or not you shall prepare the history or delegate it to someone else. If the latter, I am sure you will use much care in the selection, as the work should be adequately done.

The R. N. A. is an important wheel in our national organization, and I am anxious to see that justice is done them in any such article.

Won't you please drop me a line upon receipt of this and tell me of the progress, if any, you have made.

Very truly yours,

Editor and Business Manager.

Dear Mr. Saxton:

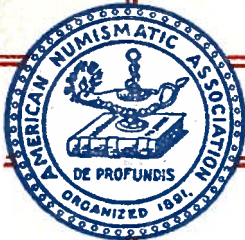

At our last meeting action was taken to have a history of the R. N. A. prepared. This is under the direction of Mr. Eichorn who has recently received the nomination for club secretary. You undoubtedly will hear directly from Mr. Eichorn at a later date. Personally I shall see to it that this matter will be kept active. According to present plans this work should be ready for you sometime during the summer or at the latest early in the fall. A group of our members are quite interested in the matter and are collaborating in the preparation of the history.

I was out of town during a part of April which in part accounts for the date of this reply.

Dear Mr. Lloyd:

Your letter to Mr. Bauer was read at our meeting of June 1st.

One of our members, Mr. John J. Pittman, will be in Buffalo on business on the Monday of your meeting. We have appointed him as our official representative. Mr. Pittman will tell you about the activities of the club during the past year and should make quite an interesting report. We have had an interesting year. Our average attendance is higher and our finances are more flourishing. We are maintaining our bank balance and in addition have created a medal fund to provide for the issuance of our bronze medal after the war. I believe our club is one of the very few that maintains the custom of issuing a medal of its retiring president each year. At present this medal is being issued in plastic. Each member eligible to receive the plastic medal will be given a bronze copy after the war.

I am sorry that more of our members cannot attend. I believe that Mr. Bauer will be present but with the exception of Mr. Pittman we cannot promise any additional attendance at the meeting.

Sincerely yours,

CONSTITUTION AND BY-LAWS

Article I. This Association shall be known as the Rochester Numismatic Association, branch of the American Numismatic Association, and Numismatic Section of the Rochester Museum of Arts and Sciences.

Article II. The object of this association shall be to foster the pursuit of numismatics as a science; to cultivate fraternal relations among collectors and students; to acquire and disseminate numismatic knowledge; to assist and encourage new collectors; and to form and maintain a cabinet and library of numismatic specimens and literature for the use and benefit of the members.

Article III. Any person of good character who is trustworthy and accepted by members of the association in accordance with the By-Laws, may become an active member of this association upon payment into the treasury of annual dues as provided by the By-Laws, together with any initiation fee which may be current.

Article IV. Section I. There shall be three classifications of membership in this association. They shall be known as Regular and Junior memberships, which shall be active; and honorary membership.

Section II. Regular membership shall consist of active members of twenty-one years or more who shall have full privileges and responsibilities of the association.

Section III. Junior membership shall consist of active members of seventeen to twenty-one years of age, inclusively, who shall have all the privileges and responsibilities of the association with the exception of voting and holding elective office.

Section IV. Honorary membership shall consist of those members selected by the unanimous vote of a quorum meeting of this association. Honorary members shall be entitled to the privileges of the association, with the exception of voting, but shall not be amenable to initiation fees, dues, or special assessments.

Article V. The officers of this association shall consist of the president, vice-president, secretary, treasurer, curator, and librarian, who shall be elected at the first meeting in June of each year, in such manner as is provided by the By-Laws, and who shall take office at the meeting next following their election.

Article VI. It shall be the duty of the president to preside at all meetings of the association, to preserve order, to appoint all committees, and to assume such further duties as usually appertain to the presiding officers of assemblies.

Article VII. It shall be the duty of the vice-president to preside in the absence of the president, and, during such absence, to perform the duties of that officer.

Article VIII. It shall be the duty of the secretary to keep the minutes of the meetings of this association, to register the names of the members, issue all notices required, and to do such correspondence as may be ordered.

Article IX. It shall be the duty of the treasurer to keep account of all monies received and expended and to report as to the condition of the treasury as often as shall be required of him by the association.

Article X. It shall be the duty of the curator to have sole custody and keep an accurate account of the association's numismatic collection, and to arrange and care for its displays. He shall report as to the condition of the collection annually or as often as shall be required of him by the association.

Article XI. It shall be the duty of the librarian to have custody and keep an accurate record of the association's library, and to report as to the condition of the library annually or as often as shall be required of him by the association.

Article XII. Each of the elected officers of this association shall hold his office for the term of one year. If any member shall take office at any time during the fiscal year to fill the unexpired term of any officer, he shall hold that office until the end of that fiscal year.

Article XIII. No alteration of this constitution, either by addition or amendment, shall be made without at least two previous written notices of the meeting when the proposed resolution for change shall be acted upon. Action on this resolution shall be taken only at the meeting designated in the written notices and said resolution may be adopted by a two-thirds affirmative vote of a quorum of the active membership of the association.

Article XIV. A quorum shall consist of at least ten members or twenty-five per cent of the active resident membership in good standing, whichever is the smaller number.

BY-LAWS

Article I. Section I. The regular meetings of this association shall be held on the first and third Tuesday of every month except during July and August, unless otherwise ordered.

Section II. Special meetings of the association shall be ordered by the president upon the written request of five or more members or by a quorum of the active membership of the association in regular meeting.

Article II. All regular members shall pay the sum of \$3.50 per fiscal year in advance, which sum shall include the current annual President's medal, such policy to begin with the fiscal year 1941-1942, unless the member joins the association on January first or later in the fiscal year, when one dollar shall be full payment for that fiscal year. Any member who shall refuse to conform to the Constitution, By-Laws, and regulations of this association, or who may conduct himself unbefitting a member of this association, may by a two-thirds vote of a quorum meeting, be expelled, but no vote shall be taken without previous written notice of the resolution for expulsion. Before such vote is taken the member under vote shall be heard in his own defense. In event of such member not being present when cited to appear and not giving satisfactory reason, he may be expelled by a two-thirds vote of the quorum meeting.

Article IV. Election to membership shall be unanimous, but all other voting, unless otherwise specified, shall be with majority ruling. Election of members and officers shall be by written ballot. All other voting shall be conducted at the option of the members.

Article V. The fiscal year of this organization shall be from the last meeting in June until the last regular meeting in June of the subsequent year.

Article VI. Section I. All committees ordered by vote of this association shall be appointed by the president; all members appointed on said committees must act unless excused by a vote of the association.

Section II. The president shall appoint a membership committee consisting of five members. All applications for membership to the association shall be read in open meeting and then referred to the membership committee who shall investigate each prospective member and shall bring before the association within two meetings any applications presented to them, together with their respective report. All applications for membership shall be acknowledged and all applicants advised as to the action taken on their request for membership. The membership committee shall be responsible for contacting ill or unfortunate members.

Section III. The president shall appoint a nominating committee, consisting of three members, on the first regular meeting in April. Nominations for officers shall be open the first regular meeting in May and remain open until election begins. A slate for each office shall be presented by the nominating committee and other nominations may be made from the floor.
